SCHOOL ANNUAL REPORT (2019-2020)

Saint Paul's School at Beethari village in Phalodi Tehsil of Jodhpur District in Rajasthan State is established in the year 2014 by the Roman Catholic Diocesan Education Society, Ajmer to fulfill the needs of quality education to the children of Phalodi. It started functioning from 1st July 2014 with Classes LKG-HKG & I after obtaining the recognition up to class V from the Department of Education, Govt. of Rajasthan.

Along with gradual up gradation of one each class in every year our school has reached up to Class V during the academic year 2018-2019. Our 54 students from class V appeared for their first ever Board Exams for the Primary Education Learning Level Assessment Certificate Examination in the month of April 2019. And we had an excellent (100%) result, out of which 31 students obtained A+ in all the subjects which is the highest compare to all the other schools in Phalodi. Our students have achieved this milestone under the guidance of Rev. Fr. Antony Davidson, the Principal of the school.

19 highly qualified and dedicated teachers and 13 support staff members are here in the school this year. There are 293 students out of which 101 are girls and 192 are boys. In its effort to provide quality education to the children our school has undergone through several departmental inspections for up gradation up to Class VIII, to Obtain No Objection Certificate for CBSE Affiliation, etc. and finally we have reached up to Class VI with upgraded recognition up to Class VIII.

This Year 50 students of class V will be appearing for their Board Examinations in the month March 2020.

Taking into consideration the all-round development of the students they are divided into four different houses (Blue, Green, Red and Yellow) and various competitions were held this year. Many Curricular, Co-Curricular, Extra Curricular activities and Science, Art & Craft exhibition were conducted throughout the year. And our students were able to benefit the maximum out of it.

We could successfully complete the indoor games as well as outdoor games including both the individual and group events like Athletics, Javelin throw, Discuss throw, Kabaddi, Kho-Kho, Volley Ball, Hand Ball, and Badminton for boys and girls separately.

For the Safety of the Children and the staff members this year we have installed more CCTV cameras so that each and every corner of the school can be observed and monitored. Additional number of water purifier and water cooler is fixed to provide more drinking water facility. We have set up a new Play Station specially meant for the students of kinder garden and other lower classes to learn with fun.

The construction of the class rooms and different labs like Composite Science Lab, Maths Lab, New Computer Lab and New Library with more space on the first floor are started in the beginning of the year 2020. The School Management committee and the Roman Catholic Diocesan Education Society, Ajmer extended its help, support and motivation in all this regard.

The school is looking forward to provide better opportunities and environment to the students in the coming years.
